

# IntelAir<sup>®</sup>

## Nasopharyngeal Respiratory Management System

**NEW**

### **SAFE**

Anatomically shaped to reduce insertion trauma. Biocompatible silicone promotes patient comfort and oxygen safety.

### **SECURE**

Designed to avoid tube migration. Anchoring systems keep the airway and divided cannula secured, providing consistency in oxygenation and capnography monitoring.

### **INTELLIGENT**

Integrates airway management, oxygen delivery, and capnography sampling into one streamlined device with a minimal footprint.

**A Superior Airway Management System!**

Innovating. Educating. Changing Lives.™

# IntelAir®

## Safe. Secure. Intelligent.®

The IntelAir® is a single-use nasal airway support system designed to ensure airway securement, avoid cannula migration, and maintain a clear airway.
